Supports of PILnet: The Global Network for Public Interest Law

PILnet is an international non-governmental organization that creates opportunities for social change by unlocking law's full potential. PILnet not only obtains high-quality, free legal assistance for civil society organizations when they urgently need it but also helps organizations to capitalize on the full range of specialized legal assistance that can be provided by corporate lawyers, including against ongoing, or even yet-to-be-determined, threats.

PILnet's Hong Kong office (PILnet Hong Kong) focuses on developing pro bono commitments among law firms, building legal capacity among NGOs and social enterprises, promoting public interest law among law students, and strengthening community legal services in Hong Kong.

PILnet's Asia Pro Bono Clearinghouse is a platform that connects NGOs in need of legal services with high quality, law firm- and corporate-based pro bono assistance. Our clearinghouse expands the legal capacity of NGOs and social enterprises by matching them with lawyers that can provide expert,

pro bono legal assistance. Since 2014, PILnet Asia Pro Bono Clearinghouse has helped find pro bono lawyers for more than 240 NGOs, actively engaging lawyers from over 50 law firms.

With programs in Europe, Asia, and the United States, PILnet builds networks and collaborations of public and private sector lawyers who understand how law works when it serves the interests of the privileged and then it uses that knowledge to strengthen civil society and serve the community.
